Subject: Urgent Request

Good morning Deputy

We are in receipt of reliable information that a Holy Names High School student is planning a walkout at the School on Friday, February 11, 2022 at 1400hrs.

We also have information that there are talks regarding a province-wide school walkout on that same day. Groups in Sudbury, Hamilton, Niagara are promoting the walkout as well. See below for social the media post.

Sources have revealed the following information;

- The Windsor Convoy is sending support to Holy Names High School on Friday.
- They are not allowed to park outside the building. They are encouraging people to walk onto the school property.
- They are confirming that all high schools are participating.
- They are also going to send supporters to Assumption High School.
- They are discussing a "slow roll".

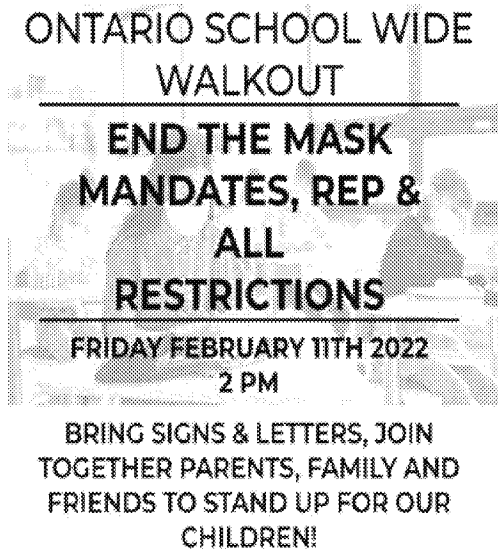

I have made contact with the Principal of Assumption School and advised him of same. I have also had two conversations with the Director of Education for the Catholic School Board, Emelda Byrne.

She advises that there are 1200 students at Holy Name and 600 at Assumption. Because of busing issues it's too late to change the discharge time of 1400hrs tomorrow. She has had a roundtable discussion with her people and they are considering a full day release which translates to cancelling school tomorrow for Holy Names and Assumption.

They are asking for Windsor Police Service input and or a recommendation on this option based on the information we currently have in our possession. She advises that a school closure requires Provincial approval however safety issues should lead to an approval.

They require a response from us by noon hour.

Thank you,
Tim
